The effectiveness of different concentrations of chlorhexidine for prevention of ventilator-associated pneumonia: a meta-analysis

Zhang TT, Tang SS, Fu LJ

Record Status
This is a systematic review that meets the criteria for inclusion on DARE.

Bibliographic details

PubMedID
23952970

DOI
10.1111/jocn.12312

Indexing Status
Subject indexing assigned by NLM

MeSH
Chlorhexidine /administration & dosage; Humans; Intensive Care Units; Mouthwashes /administration & dosage; Oral Hygiene; Pneumonia, Ventilator-Associated /etiology /nursing /prevention & control; Randomized Controlled Trials as Topic; Respiration, Artificial /adverse effects

AccessionNumber
12013050549

Date bibliographic record published
17/09/2013
