Pharmacoeconomic analysis of community-acquired pneumonia treatment with telithromycin or clarithromicin

Rubio Terres C, Cots J, Dominguez-Gil A, Herreras A, Sanchez Gascon F, Chang J, Trilla A

Record Status
This is a critical abstract of an economic evaluation that meets the criteria for inclusion on NHS EED. Each abstract contains a brief summary of the methods, the results and conclusions followed by a detailed critical assessment on the reliability of the study and the conclusions drawn.
