Interleukin-10 promoter polymorphisms and asthma risk: a meta-analysis
Nie W, Fang Z, Li B, Xiu QY

Record Status
This is a systematic review that meets the criteria for inclusion on DARE.

Bibliographic details
Nie W, Fang Z, Li B, Xiu QY. Interleukin-10 promoter polymorphisms and asthma risk: a meta-analysis. Cytokine 2012; 60(3): 849-855

PubMedID
23017230

DOI
10.1016/j.cyto.2012.08.023

Original Paper URL

Indexing Status
Subject indexing assigned by NLM

MeSH
Asthma /genetics; Genetic Predisposition to Disease; Haplotypes /genetics; Humans; Interleukin-10 /genetics; Polymorphism, Single Nucleotide; Promoter Regions, Genetic; Risk Factors

AccessionNumber
12012054466

Date bibliographic record published
19/02/2013
