Lack of an association between TSC gene Arg904Gln polymorphisms and essential hypertension risk based on a meta-analysis

Record Status
This is a systematic review that meets the criteria for inclusion on DARE.

Bibliographic details

PubMedID
23079845

DOI
10.4238/2012.September.26.7

Indexing Status
Subject indexing assigned by NLM

MeSH
Alleles; Amino Acid Substitution /genetics; Bias (Epidemiology); Case-Control Studies; Confidence Intervals; Genes, Dominant /genetics; Genetic Association Studies; Genetic Predisposition to Disease; Humans; Hypertension /genetics; Models, Genetic; Odds Ratio; Polymorphism, Single Nucleotide /genetics; Receptors, Drug /genetics; Risk Factors; Sodium Chloride Symporters /genetics

AccessionNumber
12013012020

Date bibliographic record published
15/03/2013
