Systematic review and meta-analysis of intravenous Ca/Mg mixtures for the prevention of oxaliplatin-induced neurotoxicity

Record Status
This is a systematic review that meets the criteria for inclusion on DARE.

Bibliographic details

DOI
10.3969/j.issn.1000-8179.2012.23.013

Indexing Status
Subject indexing assigned by CRD

MeSH
Calcium Gluconate; Chemotherapy, Adjuvant; Infusions, Intravenous; Magnesium Sulfate; Neurotoxicity Syndromes; Organoplatinum Compounds; Humans

AccessionNumber
12013016452

Date bibliographic record published
10/04/2013
