Prevention of respiratory distress syndrome in preterm infants by antenatal ambroxol: a meta-analysis of randomized controlled trials

Zhi-Qun Zhang, Qian-Qian Wu, Xian-Mei Huang, Hui Lu

Record Status
This is a systematic review that meets the criteria for inclusion on DARE. If you would like us to consider prioritising the writing of a critical abstract for this review please e-mail CRD-DARE@york.ac.uk quoting the Accession Number of this record. Please note that priority is given to fast track requests from the UK National Health Service.

Bibliographic details

DOI
10.1055/s-0032-1329684

Indexing Status
Subject indexing assigned by NLM

MeSH
Ambroxol /therapeutic use; Confidence Intervals; Expectorants /therapeutic use; Humans; Infant, Newborn; Infant, Premature; Odds Ratio; Perinatal Care; Randomized Controlled Trials as Topic; Respiratory Distress Syndrome, Newborn /prevention & control

AccessionNumber
12014040153

Date bibliographic record published
09/10/2014
