Acute airway obstruction in cervical spinal procedures with bone morphogenetic proteins

Yaremchuk KL, Toma MS, Somers ML, Peterson E

Record Status
This is an economic evaluation that meets the criteria for inclusion on NHS EED.

Bibliographic details

DOI
10.1002/lary.21096

Indexing Status
Subject indexing assigned by NLM

MeSH
Acute Disease; Airway Obstruction /epidemiology /etiology; Aphasia /epidemiology; Bone Morphogenetic Proteins /adverse effects; Cervical Vertebrae /surgery; Deglutition Disorders; Dyspnea /epidemiology; Female; Gastrostomy /statistics & numerical data; Hoarseness /epidemiology; Hospital Charges; Humans; Incidence; Intensive Care Units /utilization; Length of Stay /statistics & numerical data; Male; Patient Readmission /statistics & numerical data; Proportional Hazards Models; Respiratory Insufficiency /epidemiology; Retrospective Studies; Spinal Diseases /surgery; Spinal Fusion /methods; Survival Rate; Tracheotomy /statistics & numerical data; Treatment Outcome

AccessionNumber
22010002046

Date bibliographic record published
22/12/2010
